**CIBC ADVISES WAUSAU TILE, INC. ON ITS SALE TO TWO ROADS PARTNERS**

**Milwaukee, Wisconsin, January 30, 2026** – CIBC US Middle Market Investment Banking (“CIBC”) is pleased to announce that its client, Wausau Tile, Inc. (“Wausau Tile” or the “Company”), has been acquired by Two Roads Partners (“Two Roads”). CIBC acted as exclusive financial advisor to the Company in the transaction.

Founded in 1953 by Edward Creske, Wausau Tile ([www.wausautile.com](http://www.wausautile.com)) has become the preeminent manufacturer of architectural concrete, terrazzo and metal products. With the Company’s unwavering commitment to quality and personalized customer service, Wausau Tile has forged lasting partnerships with many architects, designers and companies worldwide. Today the company is a leader in innovative sustainable manufacturing practices, using recycled materials and green technology, and whose products are found in virtually every community in the United States.

The new partnership positions Wausau Tile to broaden its coverage of the Company’s growing base of customers and architects that require high-quality custom pavers, site furnishings, architectural concrete, and terrazzo tile. Jim Waldron, President, Wausau Tile commented “Wausau Tile’s success is rooted in timeless values and unwavering support from the Creske family over 70 years. From a transaction perspective, we couldn’t be more pleased with the leadership and execution from CIBC. Starting with our first meeting and each step through closing, CIBC was there to help management and the family navigate the process and provide insights that ultimately generated incremental transaction value. We’re excited to partner with Two Roads and value their affirmation of our growth plan to expand further across North America and continue development of sustainable products”.

The transaction builds upon CIBC’s long history of supporting clients in the building product sector that spans commercial, residential, and infrastructure segments. Our highly experienced team of bankers have completed M&A transactions across a wide range of markets from basic materials such as forest products, precast concrete, and steel to highly engineered solutions including lighting, electrical, HVAC equipment, and specialty coatings.

Patrick Bremmer, Managing Director of CIBC US Middle Market Investment Banking, stated, “It is an absolute honor to work with such a talented management team while supporting the Creske family’s ambitions and goals.
